

**Activities by Indian Pharmacological Society, West Bengal Chapter  
(January 2022 to February 2023)**

1. "Anti-arrhythmic Pharmacology" by Prof R N Chatterjee

**Topic:** "Anti-arrhythmic Pharmacology"

**Date:** 15/01/2022

**Mode:** Virtual

**Participation:** 442

**Speaker:**

Prof R N Chatterjee

Ex-Professor of Pharmacology.

Ex Special Secretary (MES) Govt. of WB

Ex-President, IPS (WB), Ex VP, All India IPS.

**Moderators:**

Prof Susanta Bandyopadhyay

& Prof Santanu K Tripathi

2. "Scope of Medicinal Plant Molecules for Cardiovascular Diseases" by Dr Debabrata Chanda

**Topic:** Evaluation of Potassium and Calcium Channel Modulators in Rodent Models- Scope of Medicinal Plant Molecules for Cardiovascular Diseases

**Date:** 23/01/2022

**Mode:** Virtual

**Participation:** 163

**Speaker:**

Dr Debabrata Chanda, Principal Scientist and Associate Professor AcSIR,

Central Institute of Medicinal and Aromatic Plants (CSIR), Lucknow

**Chairpersons:**

Prof Suhrita Paul, Vice-Chancellor, The West Bengal University of Health Sciences (WBUHS) &

Prof T K Mondal, President, IPS West Bengal

**Link:** <https://youtu.be/YFfflwe6Kms>

---

3. Clinical Use of Anti-arrhythmic Drugs from Physician's Perspective

**Topic:** "Clinical Use of Anti-arrhythmic Drugs from Physician's Perspective"

**Date:** 06/02/2022

**Mode:** Virtual

**Participation:** 244

**Speaker:** Dr Sunip Banerjee, Senior Interventional Cardiologist

**Chairperson:** Prof Lopamudra Dhar Chowdhury

**Link:** <https://youtu.be/v1jhP2pGhE4>

---

4. Master Class in Pharmacology & Therapeutics

**Topic:** "Pre-Clinical Drug Development: Overview"

**Date:** 26/02/2022

**Mode:** Virtual

**Participation:** 172

**Speaker:** Dr Baisakhi Moharana, Scientist,  
Division of Pharmacology, CSIR-CDRI, Lucknow.

**Chairperson:**

Prof Swati Bhattacharyya, MD, Professor, Pharmacology,  
Raiganj Medical College & Hospital, West Bengal  
&

Prof S M Naser, MD DM, Professor of Pharmacology,  
Calcutta National Medical College & Hospital, Kolkata.

6. Therapeutics CME on Addison's Disease

**Topic:** "Therapeutics CME on Addison's Disease"

**Date:** 10/04/2022

**Mode:** Virtual

**Participation:** 229

**Schedule:**

1. Welcome Address by Prof T K Mondal, President, IPS West Bengal

2. **Adrenal Disorders - Pathophysiological Considerations**

**Speaker:** Dr Rahul Valsaraj MD DM (Endocrinology) DNB (Endo) SCE (UK), Consultant  
Department of Endocrinology, VPS Lakeshore Hospital, Kochi

3. **Addison's Disease - Early Diagnosis and Clinical Approach**

**Speaker:** Dr Arindam Ray, MD DM (Endocrinology), Consultant Endocrinologist, Kolkata

4. **Management of Addison's Disease**

**Speaker:** Prof Anirban Majumdar,

MD DM (Endocrinology) FRCP FICP, Professor, Department of Endocrinology,  
K P C Medical College & Hospital, Kolkata

**5. Use of Steroids in Addison's Disease: A Clinical Pharmacological Review**

**Speaker:** Dr Saibal Das,

MD DM (Clinical Pharmacology), Clinical Pharmacologist and Scientist, ICMR

**6. Panel Discussion**

**Panelists:**

**Prof Nilanjan Sengupta**

MD DM(Endocrinology), Professor & Head Department of Endocrinology,  
N R S Medical College & Hospital, Kolkata;

**Dr Madhuchanda Kar**

MD PhD FICP FIAMS FIACM, Medical Oncologist, Peerless Hospital & BK Roy Research Center  
Kolkata, West Bengal;

**Prof Jyotirmoy Pal** MD FRCP FICP WHO Fellow, Professor, Department of Medicine, R G KAR  
Medical College & Hospital, Kolkata;

**Prof Avijit Hazra** MD (Pharmacology), Professor of Department of Pharmacology, Institute of  
Postgraduate Medical Education & Research (IPGME&R)

**Moderator:**

**Dr Shambo S Samajdar**, MD DM (Clinical Pharmacology) Fellowship in Respiratory and Critical  
Care (WBUHS), PG Dip Endo & Diabetes (RCP)

**7. National Symposium on Hypertension Management**

**Topic:** "National Symposium on Hypertension Management"

**Date:** 14/05/2022

**Mode:** Hybrid

**Participation:** 25 (Physical) plus 442 (Online)

**Schedule:**

Preclinical evaluation of Antihypertensive –

**Dr Raja L**

Plant Products and BP Control –

**Dr Achintya Mitra**

Resistant Hypertension –

**Dr Abhijit Ganguly**

Drug-Induced Hypertension - Management Approach Considerations –

**Dr Tanuka Mondal**

Antihypertensive Drugs and ECG Changes: A Clinical Pharmacological Review –

**Dr Arkopal Banerjee**

24-hour BP Control: Choice of Right Drug –

**Dr Shambo S Samajdar**

Pharmacovigilance with Antihypertensive Therapy –

**Dr Abhishek Ghosh**

Adherence in Antihypertensive Therapy: A Technological Intervention –

**Mr Rohan Tripathi**

**19. Medication Safety in Elderly Patients**

With ICMR CAM, Kolkata

**Venue:** ICMR-CAM, Kolkata

**Date:** 23.09.2022

**Mode:** Physical

**Participants:** 76

**Program:**

One-day Symposium on “Medication Safety in Elderly Patients” Jointly organized by ICMR-Centre for Ageing and Mental Health, Kolkata and the Indian Pharmacological Society (WB Chapter) The World Health Organization observes 17th September as World Patient Safety Day. The theme for World Patient Safety Day 2022 is “Medication Safety”. The theme builds on the ongoing WHO Global Patient Safety Challenge: “Medication Without Harm”. Unsafe medication practices and medication errors are leading causes of avoidable harm in healthcare across the world. Medication errors occur when weak medication systems and human factors, such as fatigue, poor environmental conditions, or staff shortages affect prescribing, transcribing, dispensing, administration, and monitoring practices. This can result in severe patient harm, disability, and

even death. Elderly patients ( $\geq 60$  years of age) are susceptible to medication-related harm because of various factors. Improving the quality of medication use and medication safety are important priorities for prescribers who care for elderly patients. To observe the World Patient Safety Day 2022, ICMR-Centre for Ageing and Mental Health, Kolkata in association with the Indian Pharmacological Society (WB Chapter) will conduct a One-day Symposium on Medication Safety in Elderly Patients on 23 September 2022 at ICMR-Centre for Ageing and Mental Health, Kolkata. This symposium aims to provide a much-needed impetus to take urgent action for reducing medication-related harm through strengthening systems and practices of medication use in the Indian context.

The themes are:

1. Pharmacological perspectives of drug prescribing in elderly patients
2. Clinical considerations during drug prescribing in elderly patients
3. Research on drug utilization among elderly patients

**Patrons:**

1. Dr. Suhrita Pal, VC, The West Bengal University of Health Sciences

2. World Diabetes Day observed on 14th November, 2022

**Topic:** World Diabetes Day Walkathon

**Date:** 14/11/22

**Participation:** Physical

#### **Details:**

Indian Pharmacological Society, West Bengal Branch, Inovocare Healthsoft Solutions and Members of East Bengal Club had organised an awareness Walkathon on World Diabetes Day to promote the importance of lifestyle modifications in prevention of diabetes and related complications. We had walked to promote awareness on lifestyle modifications to fight against the metabolic syndrome pandemic. Millions of people with diabetes around the

world do not have access to diabetes care. During our walkathon we had monitored blood pressure and random sugar with glucometer to increase awareness. Around 60 volunteers had joined today's walkathon.
